ADMISSION NOTICE : 2011 – 2012
DIPLOMA IN FISHERIES ENGINEERING
Last Date of submission of Application Form 12th July, 2011

Silent Feature :

India has been naturally endowed with bountiful fishery resources in marine, fresh and brackish water environment. These fishery resources have given an opportunity to the people of India to generate employment and business avenues. There is tremendous scope to increase the quantum of fish production for local and global markets by adopting advanced technologies and high efficiency machineries in future. *In this regards, for generation of technically qualified human resource to enhance fish culture, undertake sustainable fish harvest and adopt advanced post-harvest technologies, 'Diploma in Fisheries Engineering' program, a first of its kind in India, is being started under Dr. Balasaheb Sawant Konkan Krishi Vidyapeeth, Dapoli at its Fisheries Campus, Shirgaon, Ratnagiri from the academic year 2011-2012. Government of Maharashtra (India) has sanctioned the project having a total outlay of Rs. 42.87 Cr.*

The successful candidate after undergoing three years of rigorous training including one full year consisting of experiential learning and on field work experience *will be awarded the Diploma in one of the four major disciplines namely 1. Fishing Boat Construction & Marine Engines 2. Fishing Technology 3. Fish Processing & Refrigeration Machinery 4. Aquaculture Engineering.*

The successful candidate who wishes to continue his / her education is eligible to take admission directly to Second Year Bachelor of Fisheries Science Degree Course (B.F.Sc.).
